38th Annual Symposium

Competitive Concrete

24th -25th March 2010
Staverton Park Hotel
Daventry
Northamptonshire
NN11 6JT

The construction and building sectors use a wide variety of materials but concrete dominates due to its functional capabilities, versatility, durability and economy.

Presentations will examine and develop these aspects and look ahead to concrete's future.

The seminar will appeal to all involved in concrete use from design, performance, material supply, product development and construction.

Programme at a Glance

24 th March	
10:00	Golf competition Members and guests are invited to compete for prizes at the Staverton Park Golf Club. Inside the convention hotel complex, Staverton Park is a mature and championship standard 18 hole course set in 140 acres of beautiful Northamptonshire countryside. Golf will be followed by a light lunch.
25 th March
